

Membership registration form for individuals or companies in countries without national ECG associations

To become an ECG member in areas without national ECG associations, you can become a **supporting member** of the *International Federation for the Economy for the Common Good e.V.* (IF) located in Germany.

As a supporting member of the IF you can easily collaborate and communicate with other members and organisational entities of the ECG. You can have access to all services of ECG associations, such as the IT services, creating local chapters, etc.

As a supporting member, you do not have the right to vote in the IF general assembly. Please note, that the status of a supporting member of the IF is intended as a temporary form of membership. As soon as a national association is founded in your country, membership in the IF ends. Such a member then will need to transfer their membership to the national association.

Please fill out the following form, print it and send a scan to federation@ecgood.org.

* = mandatory information

Private individual or company

Salutation *

Title

First Name *
